I created *L'Atelier Fleur d'O* in 2018. After more than 18 years of working for other florists, I felt it was time to take my experience and creativity and channel them into my own business. It quickly became clear: I had a passion for designing florals for my couples, while listening to their needs and guiding them to make seamless and confident decisions. I am proud to have worked with over 90 couples, building not only wonderful connections but also lasting friendships. It is essential for me to work closely with your ideas, inspirations, and unique sensibilities. My golden rule: Stay true to the essence of each wedding. My goal is for you to look back on your wedding photos in 10 or 20 years and still feel the same heartfelt emotions. I will be by your side throughout the journey, ensuring your wedding flowers are a perfect reflection of you.
